Trail to Eagle Camp at Camp Workcoeman

Welcome to the Trail to Eagle Program at Camp Workcoeman. For 90 years, thousands of Scouts and Scouters have passed through the camp gates for a memorable Scout camping experience on their way to attaining the Eagle rank. The 2014 Camp Workcoeman summer program will continue that tradition.

This Program Guide has been assembled to provide you with the information needed to prepare yourself for the Trail To Eagle Camp and to serve as a handbook of camp information. Hopefully it will help you to begin planning your 2014 T2E camp experience.

The 2014 Camp Staff is developing a safe, challenging program of adventure and advancement for you. In the pages of this guide you will find that an integral part of the T2E experience is leadership development. The Trail to Eagle program has been significantly revised to address making potential Eagle Scouts responsible leaders.

As part of the program, we are requesting all Trail to Eagle participants to submit a ***Scoutmaster Endorsement***. This form is located in the Forms section of this guide.

Working together, we can provide you with a week of valuable experience that will lead to achieving your goal of attaining the Eagle rank. We look forward to meeting you at camp.

Yours in Scouting,
Lou Seiser

Trail to Eagle Camp at Camp Workcoeman

What is Trail to Eagle Camp?

The Trail to Eagle program is designed for the Scout who has reached the rank of First Class and set his goal on reaching the rank of Eagle Scout in the near future. It is a unique camping and advancement opportunity for you. The Trail to Eagle Camp Staff will support you in every way to reach this lifelong achievement.

The Trail to Eagle Staff are skilled merit badge counselors from the Connecticut Rivers Council and the Camp Workcoeman Staff. Emphasis will be placed on merit badge completion during the week with special attention given to each Scout's needs. Prior merit badge preparation may be required. Scouts will receive credit for all successful work completed successfully.

Leadership ability is an important aspect of being an Eagle Scout. Several sessions have been scheduled during the week to address leadership development.

Guidance on how to select, plan, and complete your Eagle Service Project will be featured during your week at camp along with understanding the new Eagle Scout application process.

About Camp Workcoeman... Camp Workcoeman is located on the shore of beautiful West Hill Lake in New Hartford, Connecticut. Established in 1924, it is one of the oldest, continuously operated scout camps in the country. For 90 years thousands of Scouts and Leaders have experienced Scouting at Camp Workcoeman during its fine history. In 1994 Camp Workcoeman was part of a study conducted by the National Boy Scout Council for exemplary Scout camps in the country. While many new additions have been added to Camp Workcoeman over the years, the same Scouting experiences remain today.

DISCIPLINARY POLICY

The Scout Oath and Law are the elements of proper conduct in camp. Parents and Scouts should be aware that those who display severe misconduct will be removed from camp. The following actions will result in a Scout's immediate removal from camp: vandalism, theft, fighting, injury or harm to another (excluding accidents), leaving camp property without permission, and use or possession of alcohol, tobacco, drugs or fireworks.

THE MERIT BADGE PROGRAM

TO THE SCOUT ON EARNING A MERIT BADGE

Merit Badge work at camp is intense and time is limited. To ensure your successful completion of merit badges you select at camp, please be sure that you have a copy of the merit badge pamphlet and that you have read it. *“Be Prepared.”*

You should be aware that earning a merit badge is an individual achievement involving study and testing of knowledge and skills required and the completion of all the requirements.

Attendance at classes does not in itself constitute the work required to earn a merit badge. On the other hand, if you can do the requirements and demonstrate the skills required, you may be tested by attending only those sessions during which testing is being done, or you may arrange with the counselor for testing another time.

You must not merely demonstrate an attempt to fulfill the requirements, but individually do each requirement and demonstrate each skill required. *“Show” means “Show”*; *“Demonstrate” means “Demonstrate.”* Required collections should be organized and neatly labeled. Written reports should be well-thought out and legible.

You must bring proper certification for completion for any requirements which must be completed before camp and for which you want credit at camp. Certification may be in the form of reports, written statements or photos, drawings, completed projects or collections depending on what is involved. If you worked with a counselor, bring the blue card.

Partials

A Scout completing only a portion of a merit badge will be given a partial on his blue card. Partials will be given only for projects actually completed or skills actually demonstrated at camp. Partials will not be given for written work (or requirements that require “tell”) because the Scout can take the written work home with him for the counselor with whom he will complete the badge.

Trail to Eagle Merit Badges

Merit badges offered as a part of the Trail to Eagle Program are listed below along with the numbered requirements that cannot be completed at camp. Also, please bring along a blue card signed by your home troop Scoutmaster for each Eagle required merit badge that you plan to work on. Turn it into your Eagle Week Scoutmaster on arrival. OA members are encouraged to bring their sashes with them to camp and wear them on OA day. An OA service project will be conducted and all members are asked to participate. This can be used for credit on the Veteran Camper Award. Brotherhood Ceremonies will also be conducted some weeks for those Ordeal members wishing to advance their OA membership. Annual Health and Medical Record

(Valid for 12 calendar months)

Policy on Use of the Annual Health and Medical Record

In order to provide better care for its members and to assist them in better understanding their own physical capabilities, the Boy Scouts of America recommends that everyone who participates in a Scouting event have an annual medical evaluation by a certified and licensed health-care provider—a physician (MD or DO), nurse practitioner, or physician assistant. Providing your medical information on this four-part form will help ensure you meet the minimum standards for participation in various activities. Note that unit leaders must always protect the privacy of unit participants by protecting their medical information.

Parts A and B are to be completed at least annually by participants in all Scouting events. This health history, parental/guardian informed consent and hold harmless/release agreement, and talent release statement is to be completed by the participant and parents/guardians.

Part C is the physical exam that is required for participants in any event that exceeds 72 consecutive hours, for all high-adventure base participants, or when the nature of the activity is strenuous and demanding. Service projects or work weekends may fit this description. Part C is to be completed and signed by a certified and licensed health-care provider—physician (MD or DO), nurse practitioner, or physician assistant. It is important to note that the height/weight limits must be strictly adhered to when the event will take the unit more than 30 minutes away from an emergency vehicle-accessible roadway, or when the program requires it, such as backpacking trips, high-adventure activities, and conservation projects in remote areas. See the FAQs for when this does not apply.

Part D is required to be reviewed by all participants of a high-adventure program at one of the national high-adventure bases and shared with the examining health-care provider before completing Part C.

- **Philmont Scout Ranch.** Participants and guests for Philmont activities that are conducted with limited access to the backcountry, including most Philmont Training Center conferences and family programs, will not require completion of Part C. However, participants should review Part D to understand potential risks inherent at 6,700 feet in elevation in a dry Southwest environment. Please review specific registration information for the activity or event.
- **Northern Tier National High Adventure Base.**
- **Florida National High Adventure Sea Base.** The PADI medical form is also required if scuba diving at this base.

Risk Factors

Based on the vast experience of the medical community, the BSA has identified the following risk factors that may limit your participation in various outdoor adventures.

- Excessive body weight
- Heart disease
- Hypertension (high blood pressure)
- Diabetes
- Seizures
- Lack of appropriate immunizations
- Asthma
- Allergies/anaphylaxis
- Muscular/skeletal injuries
- Psychiatric/psychological and emotional difficulties

For more information on medical risk factors, visit Scouting Safely on www.scouting.org.

Prescriptions

The taking of prescription medication is the responsibility of the individual taking the medication and/or that individual's parent or guardian. A leader, after obtaining all the necessary information, can agree to accept the responsibility of making sure a youth takes the necessary medication at the appropriate time, but BSA does not mandate or necessarily encourage the leader to do so. Also, if state laws are more limiting, they must be followed.
