

Back Again in 2017 at Camp Workcoeman

Boy Scout Summer Camp Pistol Shooting Program

Camp Workcoeman was chosen as one of twelve camps in the country to pilot a Boy Scout Summer Camp Pistol Shooting Program. It is now in it's fourth year and is extremely popular.

This program is open to Scouts who are thirteen years old and have completed the eighth grade.

There will be two options for eligible Scouts to participate:

- ***Five Day Course - Winchester/NRA Marksmanship
Pistol Qualification***

***Monday, Orientation - Tuesday - Friday, 11:00-1:00 Range Sessions
or***

- ***One-Day Open Shoot - Safety Briefing followed by an
Open Shooting Session***

Thursday, 1:30-3:00 PM or Friday, 1:30-3:00 PM

Participation forms signed by parents are required. This is a one-on-one instructor to shooter ratio. The number of participants could be limited based on the number of instructors and equipment available.

Pistol Course instructors are certified by the NRA and the BSA and have completed special pistol pilot delivery training.
