All trash must be picked up and placed in the camp dumpsters. nothing should be left behind. Troops must checkout with the staff before leaving their campsites. Troops should strive to leave their campsite better than they found it.

Fires

Ground fires are allowed at this event if they are in the official pre-existing campsite fire pit. Please manage fires in a safe manner. Leaders are asked to supervise their Scouts to be sure fires are kept at a safe size. Fire tools and fire buckets, if not in the campsite, are available through the Camp Ranger.
